A Visit of a Group of Adults from Bedford and Surrounding Areas

During the summer a group of adults, lead by our previous Chair of Trustees Alex Mnatzaganian, visited Home of Hope to complete a number of tasks. They went out with tools and brought much needed items thanks to the generosity of their friends, and family as well as Christ Church, Bedford.

Below you will see a number of the projects they completed. This included the playground which has been a complete success. This is down to our wonderful supporters who donated funds which were spent on the playground, and other projects to help the kids relax, play and learn whilst at Home of Hope. The team themselves raised over £2000 which went towards the projects they completed.

Fundraising for Home of Hope

This year, Jane Lambert-Mason, our new Chair and long standing Trustee visited Home of Hope with her Father, David Lambert. They were able to take photos of all the children at the Home and have put together a database of all children which includes their ages and school year.

As part of the Sponsorship team, Jane also spent time with the staff in charge of sponsorship on the ground at Home of Hope. This has enabled us to be able to send out our sponsorship packs with a photo and a letter from the sponsored child. As always there were some children who did not write letters. Linda and Thom, the sponsorship team at Home of Hope, are asking these children to write letters as you are reading this.

New Home of Hope Logo

The winner of the Home of Hope New Logo Competition was Ellen from 71st Northampton Guides. Home of Hope love your design and it has now been digitised.

A New Organisation Working Alongside

Home of Hope and Malawi Orphan Fund

Protection for Education has been set up to support the girls at Home of Hope in making their own reusable sanitary pads, without which they miss a week of schooling every month. In order to fund the project the girls at Home of Hope are making wonderful aprons which we are taking donations for and all profits will be fed back directly to the project. We are also collecting used bedding and towels to take out to make into pads.
